

### **REMARKS**

The August 23, 2006 Notice of Drawing Inconsistency advised Applicants that the Brief Description of the Drawings section of the present application does not include a description of FIG. 21. In this Amendment and Response, Applicants have added a paragraph to the Brief Description of the Drawings describing FIG. 21. This new paragraph is taken from the description of FIG. 21 that appears in the Detailed Description of the Preferred Embodiments at paragraph [0078] and therefore is not new matter.

### ***Conclusion***

For at least the foregoing reasons, Applicants respectfully submit that the present patent application is in condition for issuance. If any fees are due in connection with this application, including those for the new claims and any necessary extension of time, such fees may be charged to PTO Deposit Account 50-2837.

Respectfully submitted,
